

# Tiger Talk

*Create, Innovate, Lead*

Welcome back! We were so glad to see our students after the extended holiday. I know they were happy to see their friends and get back in a routine. We loved hearing about all they did during the break and we are excited about the new semester. Report cards went out this week and it's time to start a fresh new nine weeks. Spring is busy with activities, but learning is our focus and we are encouraging our students to keep doing their best!

Lots of work is going on in our classrooms and out. We have all new roofs, fences, and our awning should be finished this weekend. The students and teachers have definitely learned a lesson in flexibility, but we love the signs of progress.

Unfortunately, it is also flu season and we have many students that are sick. **Please remember your child must be symptom free and fever free for 24 hours (without medication) to be able to come back to school.** Children that come to school sick, spread the germs to everyone else. We will be sanitizing and wiping down everything at school before we leave today. Hopefully this 3 day weekend will give everyone a chance to rest and recover.

Re-enrollment will begin the first week of February. We will be sending out links to re-enroll your child. Also, Grandparents' Day is the 7th of February. You should have received an email about it yesterday. An invitation will go out to the grandparents, as well. We look forward to meeting and visiting with all the special grandparents.

## Mark Your Calendars

**January 20** - MLK Holiday (no school)

**February 3-14** - Re-Enrollment

**February 7** - Grandparents' Day

## Lost and Found

There are lots of jackets, hats, coats and other winter gear in the Lost and Found. Please come and check it if your child is missing something. Also, please label all outerwear so that if it does get left, we can get it back to your child quickly.

Below is a pair of glasses that were found. They are red and black Nike children's glasses. No one has claimed them, but if they are your child's, please let me know and I'll make sure they get sent home with them.

### ACDS Lower School

The mission of Alexandria Country Day School is to provide a challenging, learning culture where all students can become creative, innovative, future leaders.
